

## *The Snooza Story continues...*

We've come a long way since our one & only product was the Original Snooza Dog Bed. Many beds made, many roads travelled & a few loves lost (Jack & Slugger are no longer with us – but Ernie's been filling our lives with a mountain of love). We're continuing to grow (thanks to you!), always on the look out for new things & better ways of doing what we do – hence some fab new products & heaps of little extra improvements that we think make a 'Snooza' bed just that bit more special.

# What's inside

## 4 The Snooza difference

### We believe in what we do

We love happy customers & confidently back our materials & workmanship with a 100% LIFETIME GUARANTEE against flaws & defects.

We still believe 'it's better to buy once well than many times poorly' & as such we are not prepared to compromise our quality for price. In keeping with this policy & our commitment to the environment, replacement parts are available for most of our range.

We're strongly committed to recycling. We recycle our paper, plastic & steel & even the lunch scraps go to our worm farm! Our fabric scraps are either donated to local schools or recycled into blankets.

### We don't forget about you

Whilst we cannot guarantee against the damage pets can cause, we do offer a FREE REPAIR SERVICE in an effort to extend the life of our products. Rani (our diligent repairer) works hard to make sure that your pet's bed (or what's left of it) is still usable. To help us make sure she doesn't leave us, please clean your bed before sending it back to us for repair.

Replacement parts, if required, will be charged at a minimal cost.

### We're here to stay

And so are our products! Replacement parts, quality materials, our repair service... are all part of what makes a Snooza product last. Even when you can no longer use it there may be somebody else who can – read about our Save-a-Bed scheme (page 43) for details.

### We're local

We're proudly Australian & do our best to use as many Australian ingredients as possible. We test, retest & constantly improve on our range – latest improvements enclosed!

### We like to keep in touch

Send us your email address & we'll send you our news (only the exciting stuff, we promise!).

## How to choose the right size...

**Small** for small dogs (e.g. Pug)

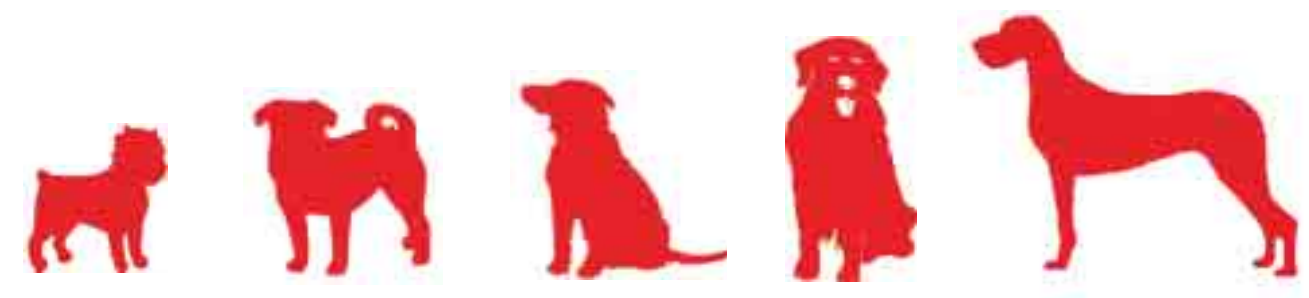

**Medium** for medium dogs (e.g. Staffordshire Bull Terrier)

**Large** for large dogs (e.g. Dalmatian)

**X-large** for X-large dogs (e.g. Rottweiler)

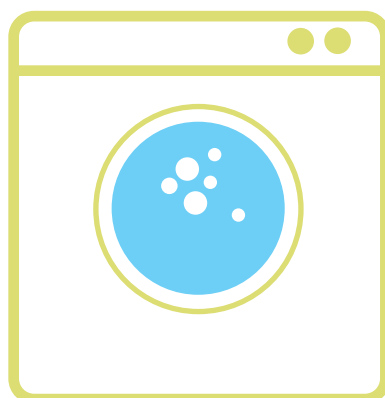

However, as silly as it sounds, the best recommendation we can give is to measure your pet while it's sleeping & compare this to our product measurements. We could add complicated sizing diagrams to our brochure but as some dogs are oversized for their breed, some like to spread out, others like to curl into a ball – you're really the best person to judge.

**NOTE: ALL SIZES PRINTED IN THIS BROCHURE ARE APPROXIMATE**

## Washing a Snooza...

Very important for looking good, smelling nice & keeping the fleas away – so we aim to make all of our products as wash friendly as possible. Each product has a washing instructions label attached or, visit our website at [www.snooza.com.au/care-instructions.shtml](http://www.snooza.com.au/care-instructions.shtml) Most beds are designed to fit into a normal washing machine but it is dependant upon the size & type of your machine. We have found that as the products get bigger they're more suited to a laundrette's 'doona washing machine' & that overall, front loaders are kinder.

## Snooza Raised Beds

Our steel frame beds are made to last. Raised approximately 20cm off the ground, the beds ensure cold air flows under rather than through your pet. The durable, flexible covers help prevent pressure sores & relieve many hip complaints & arthritis.

True to our promise of uncompromising quality, our sturdy frames will generally outlast the covers. So we offer replacement covers for all our raised beds that are a cinch to fit! You can also mix & match your covers – an Original cover on our Flea-Free Dog Bed frame or our Fleaproofer cover on any of our frames. Plus loads of accessories!

### Raised Bed sizes (sleeping area)

|                              | Length | Width |
|------------------------------|--------|-------|
| <b>Mini</b> (flea free only) | 460mm  | 430mm |
| <b>Small</b>                 | 690mm  | 550mm |
| <b>Medium</b>                | 900mm  | 550mm |
| <b>Large</b>                 | 1020mm | 700mm |
| <b>Extra Large</b>           | 1150mm | 780mm |

All sizes are approximate

For overall length of the bed (including the legs) add approximately 20cm.

## The Original Snooza Dog Bed

Made to withstand the harshest conditions, this is the bed that started us in 1989! We use 25.4mm steel tube galvanised on both sides (so that it won't rust from the inside out), weld the frame at all contact points & then hand sew (we will never use staples) a new durable jute cover on it.

➔ Original covers (these are the replacement covers), Fleaproofer covers & accessories are available.

## Sewing Kit

A 10cm curved needle & jute twine complete with instructions ensures you can now replace your Original cover just the way we do!

'Ernie' on an extra large size

## Flea-Free Dog Bed

Also referred to as the Flatpack Dog Bed because it is also available unassembled. Using 19mm square tube for the mini, small & medium sizes & 25.4mm for the large & extra large sizes, we powdercoat the steel frame with a high gloss heritage green finish. Our tough, open-weave, breathable outdoor fabric cover is a cinch to clean (just wipe down) & with a four bolt assembly it's simple to replace.

- ➔ Flea-Free covers (these are the replacement covers), Original covers, Fleaproofer covers & accessories are available.

## Super Deluxe Dog Bed

Our combo bed - the stylish lines of the Flea-Free Dog Bed with the natural look of the Original cover filled with the padding of a foam insert for extra comfort.

- ➔ Flea-Free covers, Original covers, Fleaproofer covers & accessories are available.

## Fleaproofer

The Snooza Original Dog Bed frame with a shade cloth type cover that the fleas will just hate to live in! With 2 velcro tabs to hold it in place & ultra high-tech UV treated thread & fabric, the cover is perfect for outdoor conditions. Made to suit those customers who had an Original Dog Bed but wanted a 'Flea-Free' style cover - now you can.

- ➔ Fleaproofer covers (these are the replacement covers), Original covers & accessories are available.

## How to mix & match your Snooza raised bed frames & replacement covers

|                    | Flea-Free cover | Fleaproofer cover | Original cover | Super Deluxe cover |
|--------------------|-----------------|-------------------|----------------|--------------------|
| Flea-Free frame    | ✓               | ✓                 | ✓              | ✓                  |
| Fleaproofer frame  | —               | ✓                 | ✓              | ✓                  |
| Original frame     | —               | ✓                 | ✓              | ✓                  |
| Super Deluxe frame | ✓               | ✓                 | ✓              | ✓                  |

## Multi Mat

Simple but stylish! Thick wadding encased in reversible polar fleece in our favourite 'lab' colours. The Multi Mat is exactly that, a fantastic go anywhere multi-purpose mat. We initially designed it to fit our raised beds, with velcro tabs at each corner to stop it sliding around but it's more versatile than that! Our dogs use it just about anywhere – it makes a super floor mat, in the car, on holiday. And if it hasn't got our logo embroidered in the corner then it's just not a 'ridgy-didge' fully washable Snooza Multi Mat!

➔ Available in reversible chocolate & sand polar fleece.

wadding encased in reversible polar colours. The Multi Mat is exactly that, a fantastic go anywhere multi-purpose mat. | <b>Extra Large</b> | 1150mm | 780mm |

*'Rusty' on an extra large size*

## Woolly Cover

Developed for the Guide Dog Association clients as a simple-to-fit cover for any of our raised beds, these warm & cosy covers are a breeze to clean, have a velcro closure & make our beds look & feel absolutely fabulous! This is an accessory not a replacement cover so it must always be fitted over a raised bed with its existing cover.

➔ Available in the mock lambswool, faux fur or velboa range.

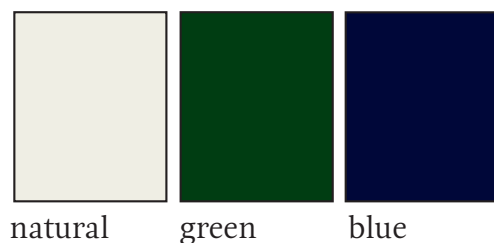

## Pet Futon

Probably our most popular product & one we've been manufacturing for over 15 years, the Pet Futon offers the ultimate in versatility & comfort for your pet. Inside a calico cover we put Australian wool blended with polyester to ensure it's a breeze to keep clean (it's machine washable & dry cleanable!). We close the cover, quilt the Futon to keep the filling in place & then encase it with a removable, printed calico, washable cover. Warm in winter, cool in summer. This is the first product we exported & we're proud of it. Ideal for the car, weekends away, in the kennel or even on one of our raised beds!

- ➔ Replacement covers available in natural calico with green print & green or blue with cream print.

|          | Length | Width |
|----------|--------|-------|
| Mini     | 520mm  | 420mm |
| Original | 830mm  | 530mm |
| Mighty   | 980mm  | 680mm |

## Futon Pillowcase

For the non-conformists you can style up your Pet Futon with a Pillowcase accessory. The same pillowslip design as the calico cover but with a bit more flair.

- ➔ Available in the olefin, faux fur or velboa range.

*'Ernie' on a large size*

## D1000

Made from super tough 1000 denier fabric, not only is the D1000 washable, Teflon coated, UV treated, flea-free, re-fillable AND water repellent it also looks so good you might need two - one for inside & one for outside! The cover is sealed with a completely hidden extra durable zip & the inner is also zippered to allow for easy washing & fresh filling. We'd never call any of our beds 'indestructible' (they're for dogs after all) but this bed is tough with a capital T!

- ➔ Available in red, black or biscuit.
- ➔ Replacement covers & inners available.

|                    | Length | Width  |
|--------------------|--------|--------|
| <b>Small</b>       | 900mm  | 650mm  |
| <b>Medium</b>      | 1050mm | 800mm  |
| <b>Large</b>       | 1200mm | 950mm  |
| <b>Extra large</b> | 1350mm | 1100mm |

Sizes (filled)

red

black

biscuit

## Jute Mattress

Traditionally used as either a kennel mat or for that extra comfort on all our raised beds. We use our Original cover, insert a 25.4mm thick foam mat & hand stitch to close.

## Durobed®

Perfect as an outdoor cushion or even inside the kennel, the Durobed® is made from UV treated shade cloth style fabric which means it won't fade, it's mould resistant, it can cope with all types of weather & it's so easy to clean (just hose down!). Zippered access to the Snoozafill® filling makes this bed ideally suited to our Lavender Sachet.

➔ Replacement covers & filling available.

|                          | Length | Width  |
|--------------------------|--------|--------|
| <b>Small</b>             | 650mm  | 500mm  |
| <b>Medium</b>            | 800mm  | 700mm  |
| <b>Large</b>             | 900mm  | 900mm  |
| <b>Extra Large</b>       | 1100mm | 1000mm |
| <b>Extra Extra Large</b> | 1200mm | 1000mm |

‘New’

## Newport

These super soft, sumptuous, suede (mock of course), square cushions are absolute heaven! Best of all they're wrinkle resistant & brilliant at staying clean – at last, a bed that doesn't attract the hair! Available in upholstery grade 'espresso' mock-suede & finished with a contrasting black piping edge & invisible zip. Our Snoozafill® inserts are removable, replaceable, refillable & washable - nothing tricky, just a normal warm wash cycle & a cool tumble dry.

➔ Replacement covers & inners available.

|               | Length | Width  |
|---------------|--------|--------|
| <b>Small</b>  | 600mm  | 600mm  |
| <b>Medium</b> | 800mm  | 800mm  |
| <b>Large</b>  | 1000mm | 1000mm |

Sizes (filled)

## ‘New design’

‘Chester’ in a medium size

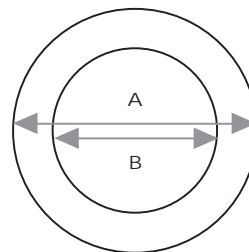

## Cuddler

Cuddle, snuggle, curl or stretch this flexible doughnut shaped bed ensures the sweetest of sleeps. With a removable, reversible, replaceable cushion it’s versatile AND a breeze to keep clean! To show how proud we really are, we embroider our logo into the fabric so you’ll always know you’re buying a genuine ‘Snooza’ Cuddler.

**IMPROVED** – Now with zippered cushions & rings. Refillable & even easier to wash!

- ➔ Available in chocolate or ‘Snooza’ green polar fleece & natural or brown mock lambswool.
- ➔ Replacement cushions available.

|             | A      | B     |
|-------------|--------|-------|
| Small       | 470mm  | 270mm |
| Medium      | 650mm  | 400mm |
| Large       | 850mm  | 550mm |
| Extra Large | 1150mm | 800mm |

*Three legged 'Charles' on a small size*

## Ottoman

This is such a stylish piece of 'furniture' we may need to start making couches to match. We've used 130mm thick foam to provide the perfect support for tired paws (& feet!). Complete with detachable, adjustable chrome legs & a removable, reversible padded slip cover. At least some of us would admit to eyeing off our pet's bed as somewhere we'd like to snuggle ourselves (you know it's true!) - with the Ottoman you really can share.

- ➔ Available in the velboa, faux fur or mock lambswool range.
- ➔ Replacement covers available.

|       | Length | Width | Height |
|-------|--------|-------|--------|
| Small | 600mm  | 600mm | 260mm  |
| Large | 900mm  | 900mm | 260mm  |

‘New design’

‘Jack’ in a large size

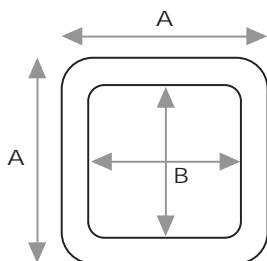

## Jack’s Bed

Jack was pivotal to the design of this bed (hence the name!) & gave it four paws for comfort. Bolster style edges are stuffed to the brim with Snoozafill® & finished off in jumbo corduroy. The cushion is removable & reversible & of course, the bed is fully washable. **IMPROVED –** Now with zippered cushions. Refillable & even easier to wash!

- ➔ Available in forest, navy, terracotta & sand paws 'n' bones cotton drill with matching corduroy.
- ➔ Replacement cushions available.

|        | A      | B     |
|--------|--------|-------|
| Small  | 500mm  | 300mm |
| Medium | 800mm  | 500mm |
| Large  | 1000mm | 600mm |

## Big Dog Bed

Brilliantly clever (kudos to NASA!) memory foam tops the thick inner of this bed. It really needs to be felt to be believed but moulds beautifully to the contours of a dog's body ensuring all over, even support. Its low impact, dampening affect makes it ideal for older dogs, big or heavy dogs & dogs with joint problems. The wrap around zip makes the fully washable cover so easy to get on & off AND gives you the option to interchange tops between the black, water resistant (specifically designed with as few seams as possible in case of incontinence), 600 denier, PU coated ripstop & the fluffy mock lambswool.

One size only – BIG, it's really a 'mattress' for dogs!

➔ Replacement tops (black ripstop & natural mock lambswool) & bases (black ripstop) available.

|          | Length | Width | Height |
|----------|--------|-------|--------|
| One size | 1300mm | 880mm | 190mm  |

a medium size*

## Buddy Bed<sup>®</sup>

High walls surround a removable reversible cushion ensuring your best buddy is cosy & draught free. Our buddies love to flop their necks over the side so we purposefully used a lightweight, non rigid, easy to lean on foam! Our big, comfy Snoozafill<sup>®</sup> filled cushions stand up to washing & drying whilst still retaining their loft but with the new hidden zipper they’re even refillable if you ever need a top up. This is a versatile bed – simply turn over the cushion or turn the body inside out & you will have created four different styles for four different seasons.

- Available in the polyviscose (with either a matching or a woolly topped cushion), faux fur, velboa or paws 'n' bones range.
- Replacement cushions available.

|                    | Length | Width |
|--------------------|--------|-------|
| <b>Small</b>       | 530mm  | 500mm |
| <b>Medium</b>      | 640mm  | 600mm |
| <b>Large</b>       | 800mm  | 720mm |
| <b>Extra Large</b> | 980mm  | 850mm |

## Pet Cushion

These are very, very popular & we know why. You're proud of your pet & with our cushions you can be proud of their bedding. The hidden zipper covers are reversible with a contrasting, sturdy polyester drill back & your choice of fabric on top. Our Snoozafill® inserts are removable, replaceable, refillable & washable - nothing tricky, just a normal warm wash cycle & a cool tumble dry.

- ➔ Available in the olefin, faux fur or velboa range.
- ➔ Replacement covers & inners available.

|                    | Length | Width |
|--------------------|--------|-------|
| <b>Small</b>       | 550mm  | 400mm |

| <b>Extra Large</b> | 1180mm | 800mm |

Sizes (filled)

*'Bella' in a large size*

## Hidey Hole<sup>®</sup>

Fans of our Cubbie asked if we could make it in a larger size – whilst this proved to be too tricky we hate to disappoint, so we thought we'd come up with something even better! The Hidey Hole<sup>®</sup> provides the perfect escape for your pet but still allows them (& you) to be seen, with plenty of room to sprawl. With a totally fluffy inner it's so luxurious it's nearly obscene!

- ➔ Available in paws 'n' bones with a natural mock lambswool inner or brown polyester drill with a natural or a brown mock lambswool inner.

|              | Length | Width | Height |
|--------------|--------|-------|--------|
| <b>Small</b> | 400mm  | 420mm | 300mm  |
| <b>Large</b> | 470mm  | 500mm | 350mm  |

Measurements are internal

## Snuggler<sup>®</sup>

Sluggler & Titch were responsible for this product becoming a reality. Heaven to these two was snuggling under our blankets. In an effort to reclaim our bed we made them their very own. With a permanently attached blanket this is snuggling heaven.

- ➔ Available in the faux fur or velboa range.
- ➔ Replacement covers available.

*'Sluggler' in a small size*

| <b>Large</b>       | 800mm  | 720mm |
| <b>Extra Large</b> | 980mm  | 850mm |

## Pet Lounger

A basket style foam (40mm thick) bed with a quilted cushion. The innovative contoured shape, with its high back, keeps pets free from any draughts around their back. Just like the Buddy Bed<sup>®</sup> you can turn it inside out (the body) & upside down (the cushion) to create up to four different looks. The removable, reversible cushion is filled with our special Snoozafill<sup>®</sup> & frequent washing ensures it always retains its loft. Titch had her pups in a Pet Lounger & we used two Lounger cushions & just washed & dried one every night while she used the other!

- ➔ Available in the polyviscose (with either a matching or a woolly topped cushion), faux fur or velboa range.
- ➔ Replacement cushions available to purchase separately – great for plastic or wicker baskets.

|        | Length | Width |
|--------|--------|-------|
| Small  | 570mm  | 410mm |
| Medium | 640mm  | 450mm |
| Large  | 760mm  | 610mm |

‘New’

## Magnomat

Our magnetic therapy bed chosen testers (thanks to all feedback we couldn't wait to get this on the market & hopefully start relieving a few aches & pains. In consultation with an accredited magnetic therapist the polarity, shape & positioning of the magnets has been specifically designed for animals. We ensured the mat was low profile for easy access but the sizes also suit our raised beds. The fabulously durable, 600 denier ripstop cover we designed with as few seams as possible to ensure maximum water resistance (making it ideal for incontinent dogs) & the optional elasticised woolly 'topper' fits over the existing cover easily - a great way to add extra warmth.

spent loads of time with our that applied!). With such great

➔ Replacement covers & natural mock lambswool toppers available.

|                    | Length | Width | Height |
|--------------------|--------|-------|--------|

*"Overall Nell is delighted with her new bed and so am I.*

*I think you've got a winner here, especially if you market it towards old, incontinent dogs." Avril May*

CONVOLUTED FOAM

## Orthobed

Perfect for older pets who have trouble getting in & out of kennels or baskets. The low profile convoluted (egg carton shaped) foam provides the ultimate comfort for post surgery, older pets or those with hip ailments. The removable hidden zippered cover is washable with a sturdy polyester drill back & a cosy mock lambswool top. Lightweight & portable – you will travel easily with this bed.

- ➔ Available in natural or brown mock lambswool.
- ➔ Replacement covers available.

|              | Length | Width | Height |
|--------------|--------|-------|--------|
| <b>Small</b> | 870mm  | 600mm | 70mm   |
| <b>Large</b> | 1200mm | 870mm | 70mm   |

## Stay Dry Mat

Keep your pet high & dry! This synthetic Stay Dry Mat lets dry air circulate through your pet's bedding keeping them warm, dry & comfortable. Flea, chew & stain resistant, it is machine washable & pre-sterilised – perfect for the older pet or young puppy in training. This is the matting that vets & breeders use in their carriers & cages – it is autoclaveable – meaning it can be sterilised under pressure (impressive huh!).

*'Joey' on a small size*

|                    | Length | Width |
|--------------------|--------|-------|
| <b>Small</b>       | 510mm  | 380mm |
| <b>Medium</b>      | 750mm  | 510mm |
| <b>Large</b>       | 915mm  | 750mm |
| <b>Extra Large</b> | 1220mm | 750mm |
| <b>5mt Roll</b>    | 5mt    | 750mm |
| <b>10mt Roll</b>   | 10mt   | 750mm |

- ➔ Available in white or blue.

## Active Walker

Finally a lead that enables both of you to get an unencumbered 'work out'. Run or walk hands free with your dog & maintain your natural exercise rhythm. The belt has velcro fastening, ensuring a snug fit & a quick release mechanism – simply grab the handle & the belt comes away easily (while still maintaining control of your dog). Even with both hands full of shopping we can still enjoy a walk. Double stitching & metal D rings for super strong dogs.

*'Lily'*

- One size fits most – the belt is fully adjustable & the lead adjusts from 0.8m to 1.5m.
- Extra leads available.

The only way  
to travel

'Chester'

## Out'n>About®

Designed to fit most wagons & 4wds the Out 'n' About® Bed is the ideal way to travel in style. Plus it keeps your car nice & clean! The mat insert is removable & reversible. A woolly side for a snugglier ride & a super tough, water resistant, 600 denier ripstop side for sandy trips to the beach, muddy walks... The outer also works just as well on its own as a protective lining for the cargo area. The mat & outer covers are fully washable, including removable, washable bolster inserts, but with the fabulous PU coated fabric you may never need to, just the occasional spot clean. Finally arrive at your destination & this bed is easily removed to become a great place to rest whilst on holiday, camping, sleep-overs...

➔ Replacement mats, mat covers & bolster inserts available.

1000mm x 1000mm

## Paw Pad

A fun polyester padded cushion for you (to be honest we see a lot of these on 'people' beds) or your pet. Lightweight & compact – Bigfoot is here!!

- ➔ Available in either leopard or silver with black paws faux fur or natural mock lambswool with contrasting quilted 'pads'.

600mm x 600mm

## Cat Igloo

All cats love to hide & cuddle down – our Igloo ensures they can do it comfortably & in style. The mat is reversible & naturally both the body & the mat are washable.

- ➔ Available in the polyviscose (with or without a woolly mat), faux fur or velboa range.
- ➔ Replacement mats available.

|       | Length | Width | Height |
|-------|--------|-------|--------|
| Small | 400mm  | 250mm | 300mm  |
| Large | 500mm  | 350mm | 400mm  |

## Cat Scratching Pole

You won't find anything like this anywhere! We've made a cat pole out of recycled plastic that attaches firmly to a completely covered base. Instead of throwing the pole away once your cat has clawed through the fabric, we offer replacement covers. Staple free – simply slip the cover over the pole & with so many colours to choose from you'll never get tired of looking at it. Because it's constructed from recycled plastic the pole will never splinter or rot.

- ➔ Available with or without a platform top.
- ➔ Replacement covers, bases & platforms available.

|              | Height | Diameter |
|--------------|--------|----------|
| <b>Small</b> | 520mm  | 80mm     |
| <b>Large</b> | 720mm  | 80mm     |

### CAT POLE COVERS

Blue      Red      Beige      Black      Grey

## Krinkly Kat Sack

This is great fun! A fully washable version of every cat's favourite toy ... the paper bag. Using a simple design, we inserted krinkly plastic into a calico liner & boning around the edge to create the opening. Mice illustrations all over the bag make it a cute toy & a great gift.

|              | Length | Width |
|--------------|--------|-------|
| <b>Small</b> | 540mm  | 350mm |
| <b>Large</b> | 720mm  | 450mm |

*'Mickey' in a small size*

## Kennel

Three years in development & testing we think this kennel epitomises our strong commitment to recycling. Made from completely recycled plastic it can in turn be recycled. The eco-friendly green plastic will never rot or deteriorate & can be simply hosed down ensuring an odour free clean home for your dog. Simply lift up the kennel to expose the detached floor for easy access to all bedding. Most importantly we were adamant that we design our kennel with the door on the side & a raised floor (45mm) providing protection from weather & draughts. The Snooza Kennel comes flatpacked which will fit in all cars & is easily assembled in minutes.

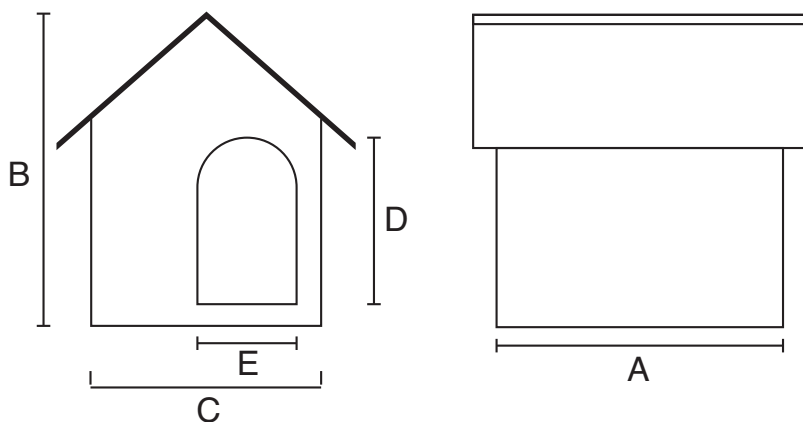

*'Slugger' in a medium size*

➔ **Flea & dust mite resistant.**

|               | <b>A</b> -Length | <b>B</b> -Height | <b>C</b> -Width | <b>D</b> -Opening | <b>E</b> -Opening |

## Puppy Cubby

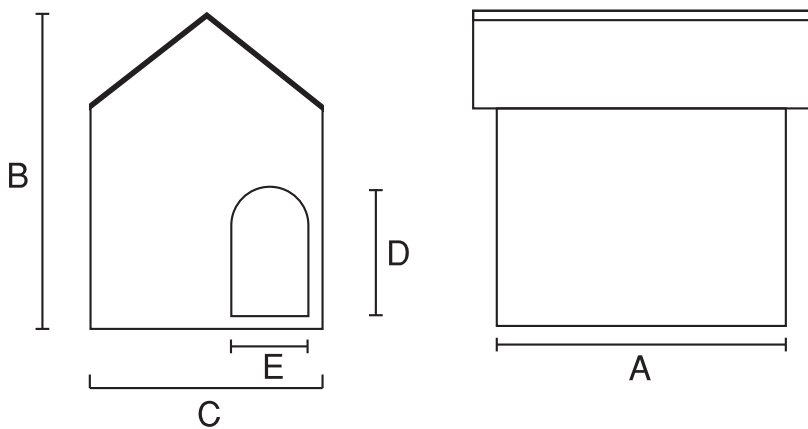

At last, a puppy friendly product! We've been turning people away for years – we're mad, but we just can't bear to sell our products to puppies when more often than not they become puppy food. Our suggestion has always been a good, strong cardboard box & an old towel or blanket. But wait...why turn people away when WE can come up with the best 'cardboard box' there is! Providing a secure, enclosed environment (very comforting for a dog who's missing its mum) this makes an ideal new home. Made from fully recycled cardboard with a door off to the side so your pet can still see the world (with a few crayons you or your kids can add your personal touch). The Puppy Cubby comes flatpacked & is easily assembled. An extra base is included to cover those little puppy accidents. Perfect for pre-kennel training!

'Joey'

➔ One size only (because they should stop chewing when they grow up!)

|                           | A-Length | B-Height | C-Width | D-Opening  | E-Opening  |

## Feed Sack

Designed for the 'moveable feast', this is the perfect partner to our Water Wallet. We wanted a dry food container that was easy to use, easy to carry, easy to hold & easy on the eye. We think this is it – the travelling food container that looks good!

- ➔ Available in black.
- ➔ One size only - adjustable to suit short (2kg) or long trips (4kg).

|              |           |
|--------------|-----------|
| <b>Small</b> | .75 litre |
| <b>Large</b> | 1 litre   |

## Water Wallet

A completely portable water & dry food bowl for dogs on the run. Never leave home without it. We keep one at the front door near our Active Walker & one in the car. It's a fact - you can nearly always find water but not always the container. It folds up into its own pouch & is compact & extremely lightweight. This is a must have!

## Dog Bowl

Made from a heavyweight ceramic, these bowls are perfect for smart pets who can read! And if they can't read well they are cute to have around anyway.

|                | <b>Width (base)</b> | <b>Height</b> |
|----------------|---------------------|---------------|
| <b>'Eat'</b>   | 120mm               | 75mm          |
| <b>'Drink'</b> | 135mm               | 85mm          |

## Walking Bag 'New design'

A very sophisticated client (no names!) gave us her wish list. She wanted to:- carry (& hide until she got there) the ball & toys; store those ugly plastic 'clean up' bags; stash the mobile (but still find it when it rang); bring the keys without the incessant rattle; take her wallet (café lattes calling); pocket the treats (bribes for having café lattes) & definitely & categorically do it in style. Everything was to be hidden but all was to be in easy reach. Would we mind ensuring she could run her dog without dropping anything!!??

**IMPROVED** - Now with a removable, washable treat pouch, internal MP3 player pocket & headphone clip, quick access mobile phone pocket, zippered compartment just for your Water Wallet & a front mesh pouch for the wet/slobbery stuff!

➔ Available in black.

## Polar Blanket

Two layers of anti-pill, micro fibre 'Snooza' green polar fleece in a size big enough to fit both of you, this is a great looking way to make any surface dog friendly. Throw it over the car seats, the sofa or even your bed!

➔ Available in one size only.

1500mm x 1500mm

'New design'

## Dog Bone

So committed are we to trying to do the 'right thing' that we have a worm farm at the factory for all our lunch scraps. We recycle all our paper, plastic & steel & try to give to local schools all our offcuts. The larger pieces we couldn't part with so we turned them into designer bones – great fun, a great toy & a great gift.

- ➔ Available in the velboa range or the Snooza print (faux fur).
- ➔ Available in small (200mm) or large (250mm).

## Lavender Sachet

Manufactured using Australian grown lavender, the Lavender Sachet acts as a natural repellent for fleas & has the added plus of smelling wonderful. Instead of developing one particular product we decided to produce sachets in calico liners so that its benefits could be applied to all our range. No longer will your pet's bedding smell 'woofy'.

## Snoozafill®

We've developed a super smart, special blend of foam & fibre specifically designed for pets, providing the perfect combination of stability & comfort. It's soft enough for your pet to 'nest' but firm enough to cushion. It's brilliant at retaining its loft AND it's machine washable – that's clever!

With our NEW zippered cushions you can put as much or as little filling in your bed as you like, freshen up the filling when it needs it & washing is even easier!

➔ Available in 1/2kg refill packs.

## Ropee®

'New'

Lightweight & easy to handle the Ropee® can be used frisbee style or as a tuggy. It's great at the beach & just like our beds it's fully washable, very fitting for a dog toy. No squeaky noises or obnoxiously funny shapes but we like it that way.

## Signature Bed

With such classic styling we just had to call this the Signature Bed. It's the ideal ambassador to our Good Dog range because it simply represents our mission to bring a little sophistication to the world of pet beds. Stylish linen look with 'Good Dog' print & self piped edge. The cover is removable & both the inner & the cover are fully washable. Stunning!

- Replacement covers & inners available.

## Custom Made

We here at Snooza enjoy what we do & that is – keeping pets & their providers happy. We also know the ‘business’ of cats & dogs & as such are happy to make custom lines of our products. Embroidered club logos, colour co-ordinated specialty ranges or even individual items to match your décor – talk to us about your options.

## Thank You

Thanks to all those who sent in their pics so we could feature them on the cover of this brochure - we think they make a great addition & the perfect pictorial testament to the amount of happy Snooza sleepers there are out there – we’re so proud!

Hearing how much pleasure a Snooza bed brings you makes what we do all the more worthwhile so please keep the photos, letters & emails coming.

Send your emails to: [info@snooza.com.au](mailto:info@snooza.com.au)

## Save-a-Bed Scheme

Sadly, there's a high demand out there for beds & blankets for homeless, stray & abused animals. Whilst we try to help where we can, it will never be enough. We also know that as your pets grow, your tastes change, new products are released (this one's our fault really!), or you simply need to upgrade your current bed, you might just end up with a Snooza bed that you no longer need. So rather than just creating landfill, or filling up the garage we thought, why not share the love & pass it on? Thus the 'Save-a-Bed' Scheme was born.

So, PLEASE, if you have an old Snooza product tucked away that you no longer need, we're happy to cover the cost of getting it to our factory & even patch it up if it needs some repairs (we would appreciate it if you could wash it first though). We'll organise to get it to those that need it most.

For further details please phone us or visit [www.snooza.com.au](http://www.snooza.com.au)

You're most welcome to nominate a particular association to be the recipient or suggest one that we should contact for future donations.
